

# SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XXVII.

STANFORD, KY., FRIDAY, JULY 15, 1898.

NO. 38

## DANVILLE.

Your personal representative was here so I leave the convention for his pen.

Our up-to-date mayor, J. B. Fisher, is still making improvements in Danville.

The sewer now being constructed by Messrs. Lyons & Nichols is nearing completion.

Some excitement was created Tuesday afternoon by a horse, belonging to Joe Lee, falling violently on the street, having become frightened at a threshold. It is thought that the horse is dangerously injured. There was no one in the vehicle.

Mrs. Joe McDowell, of the West End, died Tuesday morning at 5 o'clock of catarrhal pneumonia in the 46th year of her age. She had been for 10 years a confirmed invalid, but was taken critically ill about a week ago. She was before her marriage Miss Ellen Irvine and was born and reared in this county. She spent all of her life in Boyle except six years in Mercer and six in Fayette. She was a sister of Mr. Lee McDowell. Four daughters and three sons survive her—Mrs. John M. Brooks, of Middleboro; Misses Patti, Ellen and Margaret McDowell, of Boyle; Messrs. Sam. of Boyle, R. L. of Lexington, and Lee McDowell, of Fayette. She was buried in the Danville Cemetery Wednesday afternoon.

Hon. R. P. Jacobs and wife have gone to Petoskey, Mich. Miss Julia Higgins, of Richmond, is visiting Miss Sue McRoberts. Mr. S. V. Rowland came up from Pittsburgh to attend the convention. Dr. and Mrs. E. M. Green left yesterday for a month's stay in Atlanta. Mrs. Edward Stucky, of Louisville, who has been visiting Miss Sadie Clegg for the past week, returned home Tuesday. Mr. and Mrs. E. P. Owsley and daughter, Mattie Hays, of Columbus, Ga., and Miss Pearl Burnside, of Stanford, spent Tuesday with Mrs. Geo. H. Bruce. Judge John D. Goodloe, of Madison, formerly judge of Boyle county, was mingling with old friends here this week. Miss Eliza Caldwell is one of a house party of Miss Anne Wallace at Versailles. Miss Anna Fisher left Wednesday for Covington to visit Miss Mayme Waggener, who has been her guest for the past week. Mr. T. B. Curry has improved his store-room by putting in a new front.

## HUBLE.

Rev. Mr. Matthews will preach at the Methodist church Sunday morning and night.

A number of people grumble about having to stamp checks and pay high prices, but I would rather do either or both than to be fighting in Cuba this hot weather.

The Sunday school at the Christian church here will give a picnic in B. W. Givens' woods next Saturday for all the pupils of all Sunday schools who wish to attend.

Chris Gentry is having more fun than anybody over moving the school-house. He says he has written to Sampson to forward one of his largest war ships via Hawkin's Branch, to be stationed close by, so when they begin to move it, he will bombard the entire opposing force.

W. S. Tunney has rented Judge Joe Robinson's farm and will move to it about the 1st of October. The Judge and his wife are going to California or some other warm climate for their health. We regret to have to give up Mr. Tunney and his wife. John Underwood bought a gray family horse from Joe Robinson for \$60.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a travelling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by Craig & Hoeker, druggists.

Cuba contains about 35,000,000 acres—7,000,000 more than the State of Kentucky. Of these only about 2,000,000 have been cultivated. Of the remainder 9,000,000 are natural pasture, and 17,000,000 are covered with virgin forests; 7,000,000 acres, about 20 per cent, are of inferior value as agricultural or timber lands.

The annexation of the Hawaiian Islands to the United States has given American register to 53 vessels. Of these 24 are steamers, four full rigged ships, 10 bark and 17 schooners. Most of the steamers are now engaged in the inter-island trade.

## CONGREGATIONAL CONVENTION.

### GILBERT NOMINATED ON THE 41ST BALLOT.

DANVILLE, July 12.—The Opera House is beautifully decorated for the occasion with the National colors, and underneath "8th Congressional District, July 12, 1898," in letters of evergreen, a fine portrait of Wm. Jennings Bryan appears. The arrangement of the seats for the delegates is very convenient and the whole lower floor is filled with them, the gallery being crowded with spectators. The scene is an animated one, heightened by the strains of inspiring music.

Convention was called to order promptly by J. Wilkes Morgan, chairman of the district committee, of the 8th Congressional district. Rev. J. R. Savage, of the Methodist church, invoked divine guidance. Nominations for chairman in order a Shelly county man nominated Dr. T. R. Welch, of Jessamine, the same who had been agreed on by the McCreary men. His election was unanimous and amid great applause, and he made a short speech of thanks. James L. Hamilton, of Garrard, was chosen secretary and Edward Booth, of Anderson, assistant. On motion that the three committees be appointed by selecting a man from each county, the following were named:

**Resolutions**—R. S. Collins, Leslie Sharp, Letcher Owlsley, Letcher Saunders, M. F. North, John D. Goodloe, P. W. Hardin, W. W. Saunders, W. M. Scott and W. M. Black.

**Organization and Rules**—J. A. McDrayer, John W. Rawlings, Ike Dunn, Jr., R. S. Perry, R. C. Warren, J. Tevis Cobb, W. C. Bell, Dr. Percy Benton, J. C. Beckham and Lou P. Brown.

**Credentials**—J. R. Paxton, Dr. Ed Caldwell, J. N. Denby, N. L. Brobaugh, J. E. Carson, P. H. Sullivan, G. D. Thompson, C. C. Williams, E. S. Byers and E. L. Bridwell.

Organization and Rules—J. A. McDrayer, John W. Rawlings, Ike Dunn, Jr., R. S. Perry, R. C. Warren, J. Tevis Cobb, W. C. Bell, Dr. Percy Benton, J. C. Beckham and Lou P. Brown.

**Credentials**—J. R. Paxton, Dr. Ed Caldwell, J. N. Denby, N. L. Brobaugh, J. E. Carson, P. H. Sullivan, G. D. Thompson, C. C. Williams, E. S. Byers and E. L. Bridwell.

While the committees were out, R. Frank Enke of LaGrange, John Andrew Scott of Franklin, Hon. W. P. Thorne of Henry, Judge R. J. Breckinridge, of Danville, and W. B. Smith, of Richmond, made timely speeches.

The committee on permanent organization reported in favor of continuing the temporary officers, which was adopted and there being no contests the committee on credentials soon reported. Nominations for candidates for congress being in order J. W. Mitchell, of Jessamine, nominated B. A. Crutcher, P. H. Sullivan, of Madison, nominated the Hon. James H. McCreary, Hon. P. W. Hardin, of Mercer, placed Hon. John B. Thompson's name before the convention and Hon. J. C. Beckham, of Shelby, did a like service for Hon. G. G. Gilbert. All the speeches were good, that of Mr. Sullivan being especially so. Nominations being closed a call of counties was ordered and the first ballot resulted:

McC. Gilbert, Thomp. Crutcher	
Anderson ...	13
Boyle ...	6
Garrison ...	12
Jessamine ...	14
Lincoln ...	16
Madison ...	28
Mercer ...	17
Rockcastle ...	8
Shelby ...	25
Shenier ...	10
Tomkins ...	64
Necessary to choose	54
	23
	58

It will be seen that Boyle divided her vote. The second ballot resulting as the first, Senator G. T. Harris, a McCreary leader, moved an adjournment till 8 p. m., and it was carried over the opposition, the McCreary and Crutcher delegates voting together as had been agreed upon from the start.

On reassembling at 8 o'clock, three ballots were taken without change, except that on the 5th and last Rockcastle changed to Crutcher giving him 22. John B. Chenault, a McCreary man, moved an adjournment till 9 A. M. Wednesday, and J. Morgan Chinon that the adjournment be till 8 p. m. The latter motion was lost and the former carried by the McCreary and Crutcher forces over the field against adjourning.

DANVILLE, July 13.

When the convention met Wednesday morning the balloting proceeded till the 41st with no material change from the first. When Jessamine was called she voted seven votes for McCreary and seven for Gilbert. In an instant Boyle, which had been coqueting with Thompson tried to change her whole vote to Gilbert and Mercer dropped Thompson and voted for Gilbert. That settled it and Senator Harris, mounting a chair, moved that the nomination be made unanimous and it was done with wild enthusiasm.

Mr. Gilbert made a happy speech of thanks in accepting the nomination and the other candidates pledged their support in terms equally as happy, Gov. McCreary being particularly earnest and eloquent.

The resolutions which were unanimously adopted are as follows:

**RESOLVED**, That we approve the call for this convention.

## CONGREGATIONAL CONVENTION.

### GILBERT NOMINATED ON THE 41ST BALLOT.

DANVILLE, July 12.—The Opera House is beautifully decorated for the occasion with the National colors, and underneath "8th Congressional District, July 12, 1898," in letters of evergreen, a fine portrait of Wm. Jennings Bryan appears. The arrangement of the seats for the delegates is very convenient and the whole lower floor is filled with them, the gallery being crowded with spectators. The scene is an animated one, heightened by the strains of inspiring music.

That our reaffirm our faith in the cardinal principles of democracy as enunciated in the various platforms of the democratic party, both State and National, and especially of the platform adopted at Chicago in 1896, and our confidence in the peerless leadership of its nominee, W. J. Bryan.

That we approve as righteous and just our present war, waged in the cause of humanity, and pledge to its prosecution our earnest sympathy and support.

That our army and navy, now illustrating the strength, courage and patriotism born of our free institutions, is cause for national congratulation and patriotic pride in the heart of every American citizen.

Saxton's splendid band furnished excellent musical intervals and helped to add to the enthusiasm.

Among the newspaper men present were Graham Vreeland, Courier-Journal, C. E. Kincaid, Enquirer, Charlie Lewis, Dispatch, Luther Stoddard, Harry Lewis, Tribune, and Cary Mullins a brown gelding for \$100.

Both sides claimed the credit of the organization, but as Jessamine voted with McCreary on nearly every question, it seems that the credit is his, though the opposition scored by nominating the man that he had agreed on.

The INTERIOR JOURNAL man is under obligations to Editor H. E. Woolfolk and his assistant, Harry Giovannoli, for courtesies he highly appreciates. They were indefatigable in their efforts to make the newspaper men, as well as the others, feel that Danville is beyond compare in anything she attempts.

At the close of the night session, Cols. Jack Chinon, Bob Franklin, Eph Lillard and Rodney Jones, the "Juliette Singers," sang "Trouble in de Lan," and other selections, which created great enthusiasm.

Hon. Harvey Helm was elected chairman of the Lincoln county delegation and the Advocate called him and Hon. R. C. Warren the "tall sycamores" of the crowd.

The convention which was marked throughout with the utmost decorum ended almost in a love feast and stood adjourned at a little past 11 A. M. Wednesday. E. C. W.

**SEA-SHORE EXCURSIONS**.—The Chesapeake and Ohio Ry., will run the following excursions to the sea-shore on dates named. The tickets will be good going on regular trains, to which necessary sleeping cars will be attached. On July 14th and August 11th, to Atlantic City and Cape May, via Washington, round trip rate only \$14.00 from Lexington and correspondingly low rates from other Central Kentucky points. Tickets good 11 days returning.

On July 28th, a round trip rate of \$13. will be made to Old Point Comfort, Va.

Tickets good going on regular trains and good returning 12 days. This is the best time to visit Old Point, owing to the interesting military maneuvers.

Send in your name for sleeping car space or for any information desired. Geo. W. Barney, D. P. A. Lexington, Kentucky.

**MAJ. J. C. BRYANT**, late of Lincoln, and Wagonmaster Captain Price, both of Lexington, and both with the Third Regiment, became engaged in an unfortunate difficulty at Chickamauga Sunday night which may result in a duel between them. The major called the captain a liar and was promptly smote by the captain's right fist. Bryant rushed for his pistol, and demanded reparation, but other officers interfered and hostilities closed for the nonce.

**HALF FARE** to Buffalo, N. Y., and return on July 11, 12 and 13. All roads will sell tickets via C. H. & D. Railroad, good returning July 19. By requesting can be extended until Aug. 3rd. Parties desiring can go by boat from Toledo, returning by rail or vice versa can visit Niagara Falls en route. Any information cheerfully furnished by W. W. Penn, T. P. A., C. H. & D. Ry., Junction City, Ky.

**COOL WISCONSIN RESORTS**.—The Monon Route via Chicago is the proper line. Write E. H. Bacon, D. P. A., Monon Route, Louisville, for pamphlets, rates and time tables for all resorts in Wisconsin, Minnesota and Michigan. Information cheerfully given and services of an agent to meet all parties on arrival of trains at Louisville and Chicago rendered free.

**SPECIAL EXCURSION** to Chautauqua, N. Y., July 21 to 29th at extremely low rates via the "Big Four." For tickets and full information call on agents, or address the undersigned. E. O. McCormick, Pass. Traffic Mgr., Warren J. Lyne, Ass. Gen. Pass. & Tkt. Agt., Cincinnati, O.

**SPECIAL EXCURSION** to Chautauqua, N. Y., July 21 to 29th at extremely low rates via the "Big Four." For tickets and full information call on agents, or address the undersigned. E. O. McCormick, Pass. Traffic Mgr., Warren J. Lyne, Ass. Gen. Pass. & Tkt. Agt., Cincinnati, O.

**MAJ. J. B. POND**, of New York, has offered Naval Constructor Richmond P. Hobson \$10,000 for a series of ten addresses upon his experiences at Santiago, to be delivered in ten of the principal cities of the country.

## LANCASTER.

The county court is today grinding on another Gill Story case. This time it is one of the women being tried for receiving stolen property.

Steve White came down from Richmond Wednesday on a trading tour. He bought of Hamilton & Robinson their stallion, "Young Jesse," for \$400, from same parties a pair of mules for \$200; from Rice Benge a Shetland pony and cart for \$75, and from Cary Mullins a brown gelding for \$100.

Rev. George Gowen has returned from Washington. Fisher Herring, Sudley Hughes and Bob Henry are spending the week at Dripping Springs. J. W. Miller and son, Paul, are in Detroit, Mich. Miss Bessie Turley, of Richmond, is visiting Miss Elene Hart. Charlie Frisbie will leave this week for a visit to the Michigan summer resorts. Miss Lillie Grant is spending the week with friends in Mt. Vernon. Master McKenzie Brown, of Mt. Vernon, is with his grand-parents, Mr. and Mrs. A. B. Brown. Sam Woolridge, of Denver, Colo., is visiting at T. W. Reid's. Miss Letitia Brown, after pleasant visit to friends and relatives in this city, has returned to her home in Lexington. Miss Lula Graham, who has been with Mrs. Moody Hardin as a trimmer, will leave next week for her home in Ohio. G. S. Greenleaf, who has been confined to his room for several days, is able to be out again.

While the nomination of Hon. G. G. Gilbert at Danville Wednesday is not what was hoped for here, still he is very acceptable, and Garrard will be found, where she has always been found, supporting the nominee and will roll up as large a majority for Gilbert as she would have given McCreary. There are many "original" Gilbert men here and Mr. Gilbert also made many friends here during his campaign who will as a unit wade into the thickets of the fight and assist in the redemption of the 8th district. McCreary is very close to the Garrard county people and many of our boys left no stone unturned to secure his nomination, but as it could not be, we know how to succumb to the inevitable, and those energies which were so vigorously used for the nomination of McCreary will now be utilized to elect Gilbert. There are no sore heads in Garrard; we are democrats, and far above personal prejudice and political preference we take the banner of party principle, around which we will all rally in November, regardless of who the bearer may be.

## CHURCH CHATTER.

The Norton family in Los Angeles have given \$5,000 as a permanent fund for keeping Norton Hall in good repair.

Rev. Malcom McGregor's meeting of two weeks at the Richmond Baptist church resulted in only four additional.

The Third Baptist church, Owensboro, has at last taken action in Commonwealth's Attorney Jake Rowe's case, and has turned him out on a charge of drunkenness.

Rev. Walter Lackey was elected corresponding secretary of the South District Association of Colored Baptists for the 20th consecutive year. He was one of the organizers of the association at Harrodsburg in 1869.

The W. C. T. U. and other organizations of Lexington have a project on foot to have the city council pass an ordinance to prohibit the appearance on the streets of any woman in golf or bicycling costume, with the skirts higher than the shoe top.

Dr. William H. Whitsett has resigned the presidency of the Southern Baptist Theological Seminary in the hope of putting an end to the controversy between his friends and his opponents, growing out of certain publications in which he expressed views on a point of church history in which many members of his church did not agree with him.

Central holiness camp meeting will assemble for its fifth annual encampment Tuesday morning, July 26 and close Aug. 4, at Wilmore. The Rev. Jos. Jamison, of Franklin, Tenn., will have charge of the preaching services. The music will be first-class and expenses very light. Tents to accommodate eight persons \$6 for the season and table board \$3.50 a week. Single meal 25, lodging 25.

Lt. Sawyer, of Co. D, 2d Ky. Regiment, is to be tried by a court martial for introducing a Lexington octopus, Pearl Britton, the divorced wife of the famous jockey, Tom Britton, to Col. T. J. Smith, of the Third Regiment, and to the wives of Col. Smith and Lt. Col. Jewett Heury, representing her to be his wife.

The subscription list of the Monroe County News has been transferred to the Glasgow Times, and the News has suspended publication. The Times has now 3,000 subscribers.

A cat whipped the \$3,500 dog belonging to J. Pierpont Morgan, of New York.

# THE INTERIOR JOURNAL

STANFORD, KY., - JULY 15, 1898

W. P. WALTON.

Democratic Nominee for Congress.

HON. G. G. GILBERT,

Of Shelby County.

AN unholy combination succeeded in doing what no single man could ever have done or dare attempt—defeating Gov. McCreary for the nomination. But he went down with colors flying and like the noble democrat that he is, promised to relax no energy for the party's good and to give the nominee his loyal support. It is no discredit to Gov. McCreary to have been beaten in the manner he was. He fought a good fight and demonstrated again that he is nearest to the hearts of the people than any man in the district. He has been a most faithful public servant and those who profess to believe that his political star is set deceive not even themselves. Gov. McCreary is too good a man to be permitted to retire from public life in the zenith of usefulness and physical and mental vigor. If he was to be defeated, we much preferred that the Hon. G. G. Gilbert should have won. Mr. Thompson never was in the fight so far as getting the nomination, while Mr. Crutcher didn't even deserve the support of his own county. He was content to be simply a bushwhacker, while Gilbert fought in the open and in a manly way. He was our second choice and, we believe, his nomination will prove more and more popular the more he is known.

MR. WATTERSON quotes Scripture to prove that territorial expansion has the stamp of Divine command upon it. In an article favoring further annexation, he asks very pertinently "If Hawaii, why not Cuba, Porto Rico and the Philippines?" He opposed the former for reasons many and manifest. But with Hawaii annexed, and Cuba, Porto Rico and the Philippines in possession, the situation will be absolutely, wholly altered and he submits to the irresistible trend of the popular mind and heart. The great editor seems to be right. We did not go into this war for conquest, but for humanity's sake, and if territory is thrust upon us it is but the fulfillment of manifest destiny to accept it.

The trial of Senator Kenney, of Delaware, on the charge of aiding and abetting a bank robbery, is on at Wilmington, before the U. S. circuit court. There have already been two convictions and Kenney is in a fair way to go up the road. It is an unprecedented case that a member of the greatest deliberative body in the world is charged with such offense and what is worse that he is probably guilty of it. It shows a sad degeneration of political men in the once proudly represented State of Delaware and is another proof that republican machine politicians won't do to be trusted.

A GATTLING gun is a monstrous quietier of mob tendencies. Gen. Collier thinks that but for its arrival an attempt would have been made to take the Negro, Bob Blanks, from him at Mayfield, but when it arrived and was placed in position, there was little further talk of an attack. It cost a good deal to say which should hang the Negro, the State or the mob, but if the lesson of the supremacy of the law is impressed it will be worth many times the expenditure.

WHILE very much preferring Gov. McCreary because we thought him the best equipped and strongest man, we shall give the Hon. G. G. Gilbert, of Shelby, the nominee of the Danville convention for congress in this district, our unqualified and cordial support. He is a good man, a capable man and a sound democrat, and no one who loves his party and desires its success, will do otherwise than work for and vote for the excellent gentleman from Shelby.

W. B. HUDSON issued the initial number of the Pathfinder at Barbourville on the 13th and well does he say that the history of newspapers in that town is "frought" with many changes. The moon hardly changes as often. Perhaps the Pathfinder has found the right path to journalistic success at last and has come to stay. Let us hope so anyway.

THE Washington correspondent of the Courier-Journal says that Davison will not be a candidate for Congress again, but that was doubtless when he thought McCreary would be his opponent. He will now probably change his mind.

COL. W. C. P. BRECKINRIDGE is proposed as the "People's Candidate" for congress in the Ashland district by a writer in the Lexington Leader, but the colonel will doubtless not be caught by such chaff. He seems to have had a surfeit of running for congress.

EVERY good democrat here now is for Gilbert, against any republican that can be trotted out.

FOR more than a week, the newspapermen have promised the bombardment of Santiago on the morrow, which seems to come not. Each day Gen. Toral was given another 24 hours to confer with his government, and Wednesday Gen. Shafter had a personal interview of 14 hours with the Spanish commander. He told him he could not hope to escape and that he had no right to continue to fight. It made a strong impression on Toral, who urged to be given until noon yesterday to confer with Madrid and it was granted, Shafter telling him that he would open on him then with every gun he has unless he surrenders.

It is said that Toral has been making good use of the time in the matter of truces and is now more firmly entrenched than ever, while the American troops have not been idle, and their lines now extend around the city in the shape of a semi-circle for eight miles. The men are tired of the miserable parleying and fight to yellow fever in the wet trenches.

SANTIAGO OURS.  
THE CITY AT LAST SURRENDERED.  
SPANISH SOLDIERS TO BE SENT TO SPAIN.

WASHINGTON, July 14, 2 P. M.—Santiago has surrendered.

WASHINGTON, July 14, 3 P. M.—The capitulation includes harbor and entire army corps. We are to send prisoners back to Spain. Gen. Brooke has been ordered here to arrange Port Rico invasion. Immunes are to hold Santiago, others coming home.

WASHINGTON, July 14.—Spaniards appoint commissioners to ask conference to arrange terms of surrender, but proposition refused. Unconditional surrender immediately, or fight is the order.

MADRID, July 14.—Government orders Toral to resist to the bitter end.

#### WAR ECHOES.

The Oregon fired 1,776 shells in the Santiago battle.

The awful news comes from Santiago that yellow fever has broken out in the army there, over 100 cases developing.

The bids for those \$200,000,000 of 3 per cent. ten-twenty war bonds were expected to aggregate \$1,250,000,000 by the closing hour at 3 P. M., yesterday. "Don't cheer—the poor devils are dying!" It was Capt. Philip of the Texans who gave that order as the Spanish ships went down under his fire off Santiago.

Gen. Grant has made arrangements for a supply of pure water for his brigade, which includes the Second Kentucky Regiment. The water will be filtered from a 50,000 gallon tank.

Owing to the destruction of Spain's naval power and the consequent safety of the United States from attack, orders have been given for the removal of the submarine mines in all the harbors where commerce is endangered.

Adm. Cervera's explanation to naval officer as to why he took the fleet into Santiago was that he expected to provision and coal and get away inside of 24 hours, but this was found to be impossible owing to the tropical methods of handling coal.

Society Note.—Gen. Miles has left Washington and is thinking of spending a few weeks in Cuba. The General has already shipped his bath tub and hopes to be able to secure a transport large enough to carry a portion of his gorgeous uniforms.—Louisville Post.

Charles D. Jacob, Jr., son of the ex-mayor of Louisville, was killed in the attack on the Spanish intrenchment at San Juan, before Santiago, July 1. Young Jacob was struck and instantly killed while attempting to carry a wounded comrade out of the line of fire.

A Madrid dispatch alleges that the United States have made the following demands as conditions of peace: Possession of Cuba and Porto Rico, and a port in the Canaries, and an indemnity of \$240,000,000, with retention of the Philippines as a guarantee of payment of the same.

The Philippine rebels attempted to take an island in Subig Bay, but were prevented by the German warship Irene. Complaint was made to Admiral Dewey, who at once dispatched two men-of-war to take the island and deliver it to the insurgents. This was done without interference from the German—which would have meant battle—the Irene getting away from the Island when the American warships steamed into Subig Bay.

Gen. Shafter was not satisfied with Gen. Toral's reply to his third demand for unconditional surrender, made on Monday. Gen. Toral's answer was given Tuesday morning, after a delay of 16 hours. He refused to surrender and curtly told Gen. Shafter to come and take Santiago when he got ready, but he seems to have changed his mind.

EVERY good democrat here now is for Gilbert, against any republican that can be trotted out.

In response to advice sought at Washington, Maj. Gen. Miles has declined to assume responsibility for feeding 18,000 refugees sent out of Santiago by the Spaniards. They are starving to death, and some have already died.

The kindness of Admiral Cervera to Hobson and his companions, and his generous, chivalric testimonial to the heroism involved in sinking the Merrimac, will long be remembered in his favor in this country, where he is a prisoner. They will not, though, secure serenades for him in Spain.

Preparations are now well underway for the Porto Rico expedition. Of the expedition of 25,000 men 10,000 will be regulars. All volunteers now at seaports or under orders to move are going to Porto Rico, and the others needed will probably be embarked from Philadelphia and New York. The naval force for the expedition will consist of the battleship Iowa, Indiana and Texas and the armored cruisers Brooklyn and New York. Maj. Gen. J. R. Brooke will command the army.

Capt. Lucien Young, of the H. I. S. credited with great bravery in cutting the cable connecting with Santiago, via Cienfuegos, Trinidad, Tunas and Manzanillo. Under cover of the night Capt. Young went in, facing the superior forces and located the landing place of the cable. He remained in hiding until day break and then cut the cable, 15 miles Southeast of Santa Cruz, in 10 fathoms of water. Then he cut off 100 feet of the strand and towed the ends in opposite directions, each for a couple of miles.

#### POLITICAL POINTS.

The election of prison officials has been postponed till next week.

Albert Berry, son of Congressman Berry, of Newport, has been selected by the Hawaiian Commission to accompany the Commission to Honolulu in a clerical capacity, probably as disbursing officer.

The Louisville Times pays this double compliment, both highly deserved:

Robert Harding would prove to be a winning dark horse if that Danville convention should give him the Democratic nomination for Congress but if it would make assurance of a unanimous election doubly sure it will go a step further and place the excelsior banner in the hands of his better two-thirds.

The first American newspaper published on Cuban soil—the Cuban edition of the New York Journal—was issued Sunday. It astonished the camp and the flotilla, and the Jackie joined with the army boys in cheering the paper and celebrating the event.

A terrific explosion at the works of the Latlin & Rand Powder Company in Pompton Lakes killed 15 men, among them several soldiers who had been detailed to guard the powder works. A short time ago there was an explosion which killed six men.

Wm. Miller, teller of the Citizens' National Bank, of Winchester, who mysteriously disappeared last winter, got to Seattle in June and died in Skagway in January. Miller lost heavily in Big Stone Gap. His accounts at the bank were straight. He leaves a wife.

The syndicate headed by Morgan has raised the necessary \$5,000,000 to control the Monon and the C. H. and D. The Morgan syndicate in this case represents the Vanderbilt interests, and the Big Four is the road which it is well understood will absorb the Monon and the C. H. and D.

Tom Hayden, colored, was hanged at Hartford, Monday. He said Sunday that he intended playing "Home, Sweet Home" on a harmonica on the scaffold, but his nerve failed and he had nothing to say. He was dead in 12 minutes. His crime was the murder of his mistress, of whom he was jealous.

#### LAND AND STOCK.

J. H. Otter, of Boyle, engaged his crop of wheat in March last at 3¢.

Greenberry Bright threshed 900 bushels of wheat before 1 o'clock Tuesday.

G. W. Lunsford sold to Mark Hardin a horse for \$60 and to another party a mule for \$110.

C. B. Reid won a race each with White Frost and Bangie at Washington Park, Chicago, Tuesday.

J. M. Roberts sold in Garrard and Madison a bunch of calves at \$10 and a lot of extra good yearlings at \$25.

John Steele Carpenter, of the West End, sold to Col. Lawrence D. Tyson, of Knoxville, a bay gelding for \$350.

Hackley's hornless elephantine bull, weight 2,150, the best bull in Central Kentucky, is on my farm licensed at \$5. Jos. Ballou.

Unless Newport opens her race course within a few weeks, R. H. Brobaugh will take his string to Windsor, Canada, to race.

Lynn & Weed shipped to Cincinnati Wednesday a half car of hogs, which they bought in the East End at 3¢ and some wethers they paid \$2.75 for.

G. P. Huffman bought of E. P. Woods some butcher stuff at 3¢ and J. F. Kigney a lot of same at same price, and Henry Pleasant a bunch of hogs at 3¢.

Thomas Metcalf writes from Jessamine to Mr. T. J. Foster that he sold 20 1,100-pound cattle to Simon Wehl at 4.35. New wheat is selling at 70¢ there, he says.

J. K. Baughman's Naboth will be sent for the rich roaster pure offered by the Hustonville fair. Will Moore, who is handling him, drove him a quarter in 35 seconds the other day.

The Winchester Democrat says that R. M. Squires, of Chillicothe, reports a fine yield of wheat. He had in 70 acres, planted from seed purchased by him in Northern Ohio. Thirty acres made 33 bushels to the acre, and the remainder of land did nearly as well.

A sudden drop in the temperature Saturday in Northern Indiana, caused a severe frost Saturday night, ruining hundreds of acres of corn and pepernutt. The latter is a big crop in that section, and the loss will amount to several thousand dollars.

M. M. Sundige has sold to Col. Lawrence D. Tyson, of the 6th Tennessee regiment, his fine saddle stallion, Gilt Edge, for \$500. Besides being an almost perfect specimen of equine flesh Gilt Edge is a splendid saddler. Lincoln county loses a fine breeder by his sale.

Seventy cents is the best offering for wheat. Corn is looking well and growing rapidly. Will Hall sold to Jas. Wehl 36 cattle, weight 1,400 pounds, at 4¢ cents. Oscar Cook bought of W. D. Hardin, of Owen county 14 heifers, weight 550 lbs. at 3¢ cents.—Georgetown Times.

The Paris Milling Co. has engaged a number of crops of wheat at 68 to 72 cents. R. B. Hutchcraft has bought about 10,000 bushels at 70 to 72 cents, and Brent Bros., the Milling Co., and Mr. Hutchcraft have contracted to store large quantities for farmers who will hold the crops for higher prices.

It is believed that at least half of the Bourbon crop will be stored. The new wheat is not as good in quality as last year's crop, but is double it in acreage.

**Not Exactly the Same.**

"Papa," said the youthful student of history, "is an ultimatum the last word?"

"No-o, not exactly; that is, not always," replied the old gentleman thoughtfully. "You see, there are circumstances under which a man may give an ultimatum to a woman—his wife, for instance—but, of course, that doesn't mean that he will have the last word; not by a good deal."—Chicago Post.

**A Sympathizing Employee.**

Mrs. De Fadd (who cannot stand the odor of turpentine)—I would have sent for you to have done the cleaning last week, but we have been having the outside of the house painted, and it made us all sick.

Mrs. McScadd (sympathizingly)—Sure, Oi don't wonder. Thim colors is enough to make anyone sick.—N. Y. Weekly.

MCCARLEY.—James M. McCarley, aged 60, died at his home near Hubbell Wednesday afternoon, after a protracted illness of kidney trouble. A wife and four children survive him. Mr. McCarley had been a member of the Methodist church for a number of years and was a good man and citizen. After funeral services by Rev. J. M. Matthews at the grave, his body was interred in the Naylor burying ground near Preachersville at 4 o'clock yesterday afternoon.

PARTY.—Preston L. Beck's party Tuesday evening was one of the most pleasant events of the season. At least 200 guests were present and they were entertained in royal style by the clever young host. Guests began to arrive at 8:30 and from that hour till 3 Wednesday morning joy and happiness reigned. The yard was beautifully illuminated with red, white and blue lanterns, while the house was artistically decorated with flags and bunting of National colors. A delightful supper was served.

DALTON.—Mr. Ben H. Dalton, one of the best men in his section, died at his home on Dix River Monday night of consumption, aged about 45. He moved to this county from Jackson several years ago and by his gentlemanly bearing and strict attention to his own business made friends from the beginning. A wife and seven children survive him and in their loss of a kind husband and indulgent father they have the sympathy of the entire community. Rev. J. B. Crouch pronounced his funeral at his home Tuesday afternoon, after which his remains were laid to rest in the burying ground on the place.

ABOUT the only unfortunate happening at Danville during the convention, excepting Gov. McCreary's defeat of course, was a one-sided fight between G. D. Thompson, of Mercer, and Wm. Mullins, a Rockcastle delegate. The former charged that the latter was "warm" for the governor because he was paid to be, and the latter resented with a stiff blow. The Mercer man drew his pistol, but as quickly as thought his antagonist snatched it from him and after taking the cartridges out, threw the weapon away. The trouble occurred on Second street, where it is said, beverages of several kinds can be obtained.

SEVERANCE.—Mr. William Severance, who lived near Crab Orchard, was found dead in bed Tuesday morning. He worked hard the day before and after eating a hearty supper retired without complaining of feeling bad, and it is supposed that a sudden attack of heart disease did its deadly work. He was the second of eight children, all of whom, save the two survivors, Mrs. D. C. Payne, of Crab Orchard, and George Severance, of Kansas, have died sudden deaths. Mr. Severance served gallantly in the Federal army during the war and was a member of the Lt. Severance Post, G. A. R., which was named for his brother. He was also an Odd Fellow of good standing. His wife, who died several years ago, was Miss Mary Lindsay and they had six children, all of whom are living. He was a member of the Christian church and as clever and as kind-hearted a man as ever lived. His burial was in Crab Orchard cemetery Tuesday evening, after services by Eld. J. G. Livingston.

THE GENTRYS.—A Lexington dissident says: Gen. W. H. Gentry, of "Jack Rabbit" fame, is enthusiastic over the Gentry family reunion, which will be held at Crab Orchard Springs, beginning the first of August and concluding a month or longer. He says it will be the biggest family reunion ever held in America, as he thinks fully 500 descendants of the old Revolutionary hero, Richard Gentry, will assemble at Crab Orchard to do honor to the old soldier and to get better acquainted with each other. One of the features of the reunion will be a fox chase at night, and the dogs will run through the hotel at midnight, so that those who can not ride after the hounds can see and hear them while arrayed in their night robes. The general calls this the "ghost fox hunt."

HANSFORD.—Of consumption, after a few months illness, Mrs. Eliza Hansford died at Crab Orchard Monday night, in about the 55th year of her age. She was the widow of the late Judge W. O. Hansford and her maiden name was Bruce, her father being a resident of Garrard. She was closely related to Hon. H. W. Bruce, chief attorney for the L. & N., and of Adjutant General D. R. Collier. Three children survive her, Bruce and Will H. Hansford and Mrs. Peyton King. Mrs. Hansford was a devoted member of the Christine church and of the W. C. T. U. and a most intelligent and estimable woman. Her remains were interred in the cemetery on the hill Tuesday, marking two interments there the same afternoon.

THE Lincoln County Medical Society convened at the office of Dr. Steele Bailey, the president, at 10 A. M. Dr. L. S. Carpenter presented a paper on "Separating the Wheat from the Chaff;" Dr. W. L. Wesley and Godfrey, of Middleburg; Dr. W. L. Fowler, of Humphreys; Drs. Carl Wheeler, Bertie Carpenter and J. C. Barker, of Danville; Drs. Steele Bailey, J. F. Peyton and E. J. Brown, of Stanford. The society adjourned to meet at Kingsville 24 Tuesday in September at 9 A. M. and at Russell Springs, Aug. 5th.

## MIDDLEBURG.

A three weeks protracted meeting will begin at the M. E. church Friday night. Pastor Creech will be assisted by Rev. Baughn, of Nicholasville.

Indications are that Casey will not have a fair this year, owing to the fact that many of our people have taken stock in the Russell Springs fair, which promises to be a success.

J. C. Coulter is a regular attendant at the Turkey Knob Sunday school. John V. Coffey and McD. Royalty are on this week's sick list. Miss Lola Adams has secured a school on Brush Creek and has taken charge of it.

The republican primary in this congressional district is warming up in places and a controversy between the Mountain Echo and the Curbin News is bringing out considerable history of the contending candidates for the voters to think upon.

There has not been many volunteers to the army in this county, but so far as we have been able to observe every mother's son of them have been democrats. Is it possible that there is no patriotism in the ranks of the g. o. p. in old Casey? If there is, this would be a good time to show it.

Rev. J. M. P. Simer seems to be a bad man from Bitter Creek. But he has committed a blunder from which he will probably not recover while he stays in these "diggings." He and Miss Eunice Hon, who lives with him, had a falling out some 10 days ago, when, it is said, he threatened to whip her.

Fearing that he would execute his threat, the young lady left and went to Mr. O. D. Estes on the Liberty pike. Rev. Simer, learning of her whereabouts, started at once, armed. It is said, with a pistol and a club. On reaching Mr. Estes' house, he was told that the young lady was there, but was forbidden to enter himself. But notwithstanding the protest he entered the house, when a lively chase between him and Miss Hon took place. Dodging from one room to another the young lady finally escaped through an open door to the woods, where she remained several hours. Mr. Estes went and procured a warrant for the arrest of Simer, and placed it in the hands of Constable J. W. McWhorter, but the reverend gentleman made a virtue of necessity, by giving himself up to Judge Tilford, and his trial set for Tuesday, when some rich developments are expected. When this able expounder of Baptist principles moved here last fall, everybody was astonished at his eloquence and ability to handle the Scriptures, but the leaders of the Baptist church were inclined to turn a cold shoulder to him, thinking that possibly there was something crooked about him. And from his late conduct it will be seen that their suspicion was pretty well founded. But he had worked himself into the confidence of Baptists in other parts of the country and is pastor of five churches, one of them the wealthiest in the county. We had hoped that he would conduct himself in a way as to prove his worthiness, but he has torn his "rags," and torn them badly, and henceforth his name is Dennis.

T. S. B.

A. Resolve.  
"Well," said Plodding Pete, gloomily, "de blow has fell. Dey're goin' to put a tax of 50 cents a barrel on beer."  
"Well," replied Meandering Mike, "taxes like dem is a shame. But while I pertests agin 'em I'm goin' to be too patriotic to try to dodge 'em."—Washington Star.

A Sad Disappointment.

Maj. Threefingers—Vawstly, majah. Why, would you believe it, it derives its name from a bar that is actually situated undah watuh, suh.—Judge.

Almost Human.  
"That dog certainly seems almost human at times," said old Mr. Fussy.

"Yes," replied Mrs. Fussy. "He grows over his food quite as much as you do."—Harper's Bazaar.

It is said that the presentation of President McKinley's portrait with the biography in England has called forth unbounded enthusiasm lately.

Aluminum coffins, costing from \$750 to \$1,000, are now in great demand in the United States.

## A Warm Berth.

An officer on the Indiana speaks of the life of an officer on a battleship in a tropical climate in time of war. Frequently the ship, in warm water and under a blazing sun, becomes terribly hot during the day; and yet at nightfall everything is shut down, and officers and men have to sleep. If they sleep at all, under double hatches and with battened windows. It is about equivalent to being put into a hot oven, with the oven door shut, to sleep. Often the officers cannot sleep unless they have reached the stage of exhaustion. So long as there is no enemy in sight they are generally able to get a couple of hours' sleep in the day, and this keeps them going. On the torpedo boats matters are still worse than on the battleships. The officers have a "cabin," which may have an open space about two feet wide, and they have bunks which may be a foot wide. The whole interior reeks of oil and dust. It is the saddest sort of dungeon possible. And yet the torpedo boat men have an opportunity which is coveted by many officers. They are among the finest and bravest men in the navy—specialists—and brave as well as able, for when they go to sea they have no assurance that their crazy craft will ever reach their destination, even if there is no enemy within a thousand miles.

The question whether women are more courageous, or whether they are constitutionally less sensitive to pain than are men has recently been raised by the Fortnightly Review. Doctors and dentists all over the world agree that they bear pain with more fortitude and in most instances submit to painful surgical operations with more bravery than does the so-called stronger sex, from whom more endurance is to be expected. A woman who will scream at the sight of a mouse will undergo every variety of dental operation with courage and facility. Dr. Evans, the celebrated American dentist of Paris, gave it as his experience that women swoon under the dentist's hands much less frequently than men, and the general testimony of surgeons in hospital practice is to the same effect. However, doctors disagree as to whether this is due to superior bravery on the part of the women or whether they are physically insensible as compared with men.

An accident which occurred during a marriage ceremony recently is thus described by an unpracticed, but promising editor: "The bride, looking the picture of loveliness, stood under the swinging chandelier, so did the groom. The groom was over six feet two, and in bowing his responses to the minister's questions he accidentally tilted the chandelier, which overturned a kerosene lamp, the oil of which spattered all over the bride's dress and the minister's broadcloth coat. To say that the groom was mad would not do justice to his feelings. But he restrained himself and supported the bride to the front porch, where the ceremony was concluded under the stars of heaven. The minister has sent in a bill for his coat, but the groom swears he won't pay it."

Kansas has joined the grand galaxy of Trans-Mississippi states, and will occupy a conspicuous place at the Trans-Mississippi exposition with a magnificent display of cereals, salt, fruits, minerals, live stock and other natural resources of the Sunflower state. Gov. Leedy has appointed a state commission comprised of several of the strongest and most influential men in the state to arrange for funds by subscription to defray the expense of the exhibit. Gov. Leedy is desirous that the fame of Kansas as an agricultural, live stock and fruit producing state shall be maintained. The railroads operated in the state have pledged \$15,000 to the fund of \$80,000, which amount the state commission proposes to raise.

European nations are having their eyes opened on the subject of American patriotism. The blue and the gray march shoulder to shoulder and the rich and the poor meet on a common level. Among Roosevelt's "rough riders" may be found the sons of federal and confederate soldiers, and the sons of millionaires of the east ride side by side with the cowboy of the western plains. The solution of the mystery is that we are a nation of patriots, and that love of country is common to all sections and classes.

The United States is the wealthiest country on the globe. In 1889 Mulhall estimated that its wealth was £13,000,000,000, or \$65,000,000,000, while that of Great Britain was £9,500,000,000, or \$47,500,000,000. The wealth of France was estimated at £8,500,000,000, or \$42,000,000,000; Germany, £6,500,000,000, or \$32,500,000,000; Russia, £5,000,000,000; Austria, £4,000,000,000; Italy, £3,000,000,000, and Spain, £2,000,000,000, or \$10,000,000,000.

Not only the business men but the women of the country are coming to the nation's relief. Miss Helen Gould offered \$100,000 to the government, and President McKinley accepted the gift.
